

April 17th, 1937

Mr. Maurice O'Neil,
Supervisor of Radio,
New Orleans Police Department,
New Orleans, La..

Dear Mr. O'Neil;

While perusing the minutes of the Regional Radio Conference at Havana I noted a paragraph which, I believe will be of interest to the APCO membership.

I assume you have a copy of these minutes and can refer therefore to page 16, No. 8. This looks like the work of one Maurice B. O'Neil, congratulations.

Now since there was considerably more to this than is indicated by this paragraph I wonder if you would furnish Secretary Fisher with a short summary of what was done so that he can publish it in the Bulletin.

If you have already furnished such information just ignore this.

With kindest personal regards,

Yours very truly,

Lieut. E.C. Denstaedt.

April 17th, 1937.

Lieut. George Kinsey,
Chief Communications Officer,
Ohio State Highway Patrol,
Columbus, Ohio.

Dear Lieutenant;

In studying the final minutes of the
Regional Radio Conference in Havana I noted several
things that are of interest to APCO.

I assume that you also have a copy of
these minutes and I believe it desirable for you as
Chairman of the Frequency Allocation Committee to
draw up a short summary of the points that are impor-
tant to police for publication in the APCO Bulletin.

In this connection I have asked Mr.
O'Neil to prepare a short article regarding the estab-
lishment of the international police radiotelegraph
system, page 16, No. 8. He has been very active in this
direction and it is due to him that this paragraph was
included in the minutes.

Buffalo just came on the air with C W
last night, we are looking for Columbus any day now.

With kindest personal regards,

Yours very truly,

Lieut. E.C. Denstaedt.
