POLICE DEPARTMENT

CITY HALL
DULUTH, MINNESOTA

30, December, 1936.

Dear Sir:

Enclosed is Twenty Cents (\$.20), for which please send me the loose leaf Directory, as per the latest APCO Bulletin.

I would also like to get as much information on the "Z" sigs and the radiotelegraph procedure as possible. Can you send this, or will I have to write elsewhere for same? I hold a commission of Ensign in the Naval Communication Reserve, and am much interested in the fact that our new system is going to use a procedure worked out from the naval procedure.

I will not be able to send in the money for the renewal of my membership until the second pay period in January, which is around the 22nd. Christmas put the Walker family pretty much on the blink, financially.

While I am only an op at KNFE, will state unofficially, that part of the equipment for our new CW xmitter has arrived, and we hope to start the construction work immediately after the first of the year. Am looking forward to the time when KNFE will be in on the system, as I have had about 15 yrs PG telegraph work, before getting into phone work. Please do not take my card from the active list, as the renewal will be forwarded as soon as I can get the dough. By the way, the Bulletins are getting better and better.

Respectfully,

W.A. Walker
Card # 107.

507 W. Fifth St.,
Duluth, Minnesota.

January 2, 1937

Mr. W. A. Walker,
507 W. Fifth St.,
Duluth, Minnesota.

Dear Mr. Walker:

With reference to your letter of December 30, 1936, please find the requested Directory enclosed. Regarding your membership dues, I assure you that your membership card will not be withdrawn under the circumstances outlined in your letter. I understand perfectly that there are times when we are all a little short, and yours truly is no exception.

As regards the "Z" signals and the radiotelegraph procedure, I suggest that you contact Mr. E. K. Jett, Assistant Chief Engineer, Federal Communications Commission. The Commission has a mimeographed booklet, which they will forward without charge.

I am certainly glad to learn that KNFE will join the radiotelegraph network, and I am looking forward to the time when I can "pound brass" with you. For your information, I was a navy operator during the war.

Thanks a lot for your remarks regarding the Bulletin, and as the fellow says, "You aint seen nothin' yet."

Best regards, and write us often.

Sincerely,

EEHF: erd

EVERETT E.H. FISHER,
Radio Supervisor KGPC
Sec'y.-Treasurer APCO
