Dear APCO Committee Member:

I would like to take this opportunity to thank you for agreeing to serve on the committee for which you were asked.

This year APCO is fortunate to have such qualified members to solve the problems of our association.

The attached material provides you with a list of the members serving on the 1973-1974 APCO committees. Included in the materials are the objectives for each committee. Also some information on plans which hopefully were approved at the Kansas City Conference.

To comply with the Constitution and By-Laws which states the term of special committees expires concurrently with that of the President, please consider this letter a request of those members now serving on special committees to serve during my year as President or until the objectives of their special committees are achieved.

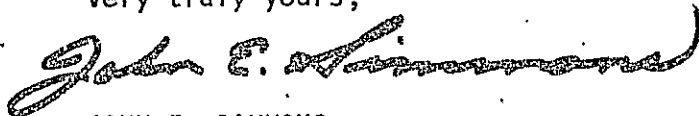

Each Chairman should receive a complete mailing list with phone numbers for all committees. Each committee member should receive a list for each committee he is serving on. If any committee member believes he needs the complete list, I will provide it. The reason for not mailing a complete list to all members was to reduce the cost to my operating budget for reproduction services.

For your information a complete Committee list with addresses and phone numbers was furnished to each Chapter Executive member. I'm sure they would be happy to reproduce the list for those APCO members that need it.

If I can assist you in any way to complete your APCO committee objectives, please feel free to call collect if the matter is urgent or write if we have time. Concerning written correspondence, if you don't receive a reply within 14 days, send the correspondence again. It is possible that my office staff or the U. S. Mail may have misplaced it.

With your knowledge and skills devoted to the purposes of APCO, I know 1973 - 1974 will be one of APCO's most productive years.

Very truly yours,

JOHN E. SIMMONS
President-Elect
