MEMO

from

Robert J. Hajek

R-2-16-73

I WANT TO UPDATE MY LISTING OF
NAT OFCRS AND COMM HEADS..

I NOW HAVE JOHN SIMMONS HOME PHONE

AFTER ALL THIS TIME WHAT ADDRESS DO
YOU WISH ALL YOUR MAIL TO???

05602 Checks to Montpelier and
apparently couldn't be 12 Downes
in Barre.

05641 checks our to Barre...

So what's preferred? After all that
time wrong in the BULLETIN I'll go
straight to the authority!!!

*send Montpelier
address.*

Lt. Irving E. McAndrew
President, APCO
Department of Public Safety
Montpelier, Vermont 05602

tel.# 802-828-2141

1972-73 NATIONAL APCO COMMITTEES

Activity & Membership Committee

Weldon P. Hale, Chairman
Baltimore County
308 Centre Avenue
Towson, Maryland 21204
Telephone 301-494-2148

Helen F. Rushing
Jessup, Maryland 20794
Alan L. Armitage
Freehold, New Jersey 07728
Nate McClure

Rockford, Illinois 61104
Lt. William E. Barker, Jr.
Ocala, Florida 32670
Roy E. Coign

Fairfax, Virginia 22030
Marshall J. Treado
Gaithersburg, Maryland 20234
Jerry L. Crume
Tigard, Oregon 97223
Anthony J. Gain
Los Angeles, California 90013

Objectives: Arrive at a method or methods of increasing membership and the implementation of same.

Establish new chapters in those few areas not now served by a chapter.

Make a study to determine if our present membership classifications and qualifications are adequate.

Research the APCO recruitment program and brochure use and make suggested improvements to the Board of Officers.

Administrative Research Committee

Lt. Col. Richard Quantz, Chairman
Washington State Patrol
P. O. Box 1927
Bellevue, Washington 98009
Telephone 206-641-2263

William Gamble
Pittsburgh, Pennsylvania 15220
M. C. Leh

Oakland, California 94612
R. I. Morris
Santa Ana, California 92701
Captain Frank Campbell
Indianapolis, Indiana 46204
Alan Armitage
Freehold, New Jersey 07728
John Strubank
Livonia, Michigan 48154
Arthur N. Sowle
Reno, Nevada 89505
Jorman I. Koski
Fort Worth, Texas 76102

Objectives: Study the feasibility of having a common APCO year where National and the Chapters will use the same dates for the start of an APCO year.

Finalize the comprehensive Conference-

Chairman's Manual for use by National and Regional Chairmen for Conferences.

Recommend conference programs holding more interest for the growing newer types of communicators.

Work with special Ad Hoc Committees and perform other studies as directed.

Data Processing & Computer Committee

Robert J. Stanton, Chairman
Communications Engineer
Indiana State Police
100 North Senate Avenue
Indianapolis, Indiana 46204
Telephone 317-633-4325

Richard Moore
San Jose, California 95110
Lt. John J. Murphy
Boston, Massachusetts 02215
Warren G. Hansen
Pikesville, Maryland 21208
Milliard T. Richardson
Jacksonville, Florida 32208
David Wise
East Lansing, Michigan 48912
Robert F. Foster
Augusta, Maine 04330
Dwight Bee
Springfield, Illinois 62706
Willard Wehe
San Leandro, California 94578

Objectives: Research the various systems in operation which interface present day communications systems with computers.

Review the required software, interface and programs available with the intention of recommending a common computer language which will allow computers to talk to computers with a minimal amount of expenditures and program changes, thus providing all agencies with knowledgeable recommendations on how the computer can be married to the modern Communication Systems of today.

Work with the Operating Procedures Committee on updating the APCO Operating Procedures Manual as it relates to computers.

Emergency Preparedness & Disaster Operations Committee

Jorman I. Koski, Chairman
Communications Superintendent
City of Fort Worth
1017 Macon Street,
Fort Worth, Texas 76102
Telephone 817-335-7211

Harry Roderick
Alexandria, Virginia 22314
Dyer P. Downing
Olympia, Washington 98501
Elwood H. Reams
Richmond, Virginia 23225
Dwight Small
Maynard, Massachusetts 01754
J. W. Goodridge
Port Arthur, Texas 77641
Augie Garufi
Atlantic City, New Jersey 08401
Robert A. Mason
San Jose, California 95125
Captain C. T. Diffendal
Jessup, Maryland 20794

Objectives: Act as liaison with National Civil Defense authorities in the correlating of ideas, systems, methods, specifications,

functions and planning relating to establishing, operating and maintaining an efficient nationwide Public Safety Civil Defense Communications facility.

Continue a working arrangement with FCC's NIAC Committee, provide guidance and assistance where possible.

Work with Radio Telegraph Committee in determining best usage of C.W. frequencies in time of emergency.

Review the various use of disaster communications during the past year and prepare a summation of known problems and possible solutions.

Research all available information concerning the use of Emergency Operating Communications Centers on a day to day basis, and work with L.E.A.A. on funding of programs for such Centers. Prepare articles on this subject for publication in the APCO Bulletin.

Engineering and Research Committee

David L. Niblack, Chairman
Director of Communications
Colorado Division of Communications
2452 West 2nd Avenue
Denver, Colorado 80233
Telephone 303-892-2341

Richard Bass
Oregon City, Oregon 97045

Donald Killina
Phoenix, Arizona 85005

E. W. Howell
Denver, Colorado 80233

Robert E. O'Brien
Bellevue, Washington 98007

Harold E. Taggart
Boulder, Colorado 80302

Lt. Frank Devine
Woodside, New York 11377

Jack Sauer
Urbandale, Iowa 50322

Clifton C. Link
Charlotte, North Carolina 28215

Objectives: Finalize, in cooperation with the National Bureau of Standards, the EIA Standards for Public Safety Communications Equipment

Provide technical assistance to all standing and special committees as required

Review the National Bureau of Standards Manual on technical terms and definitions used with Law Enforcement Communications equipment; recommended changes and revisions as required in order to keep the manual current.

Provide engineering support to the Board of Officers, Legal Council and Public Safety Planning Committee

Frequency Advisory Committee

Captain Frank Campbell, Chairman
Indianapolis Police Department
50 North Alabama Street,
Indianapolis, Indiana 46204
Telephone 317-633-7738

Members: Local APCO Frequency Coordinators.

Objectives: Review the APCO Frequency Coordinators Manual and recommend any changes required in order to update the manual.

Coordinate work of chapter frequency ad-

(Continued on Page 14)

1972-73 NATIONAL APCO COMMITTEES

(Continued from Page 12)

visory committees to maintain uniformity of the coordination procedures.

Maintain liaison with FCC representatives and keep APCO members aware of their thinking and planning.

In conjunction with a special Ad Hoc Committee review the current frequency coordination process and what the future long range requirements will be from the APCO coordination point of view.

Advise the Board of Officers and other appropriate committee chairmen when pending FCC or LMCC actions will have abnormal effect on public safety radio areas.

Historical Committee

C. E. Dengler, Chairman
51 Westfield Street,
Rochester, New York 14619
Telephone 716-436-6039

Members: APCO Chapter Historians

Objectives: Stimulate Chapter activity in the area of Chapter Histories. Encourage chapters and/or areas to prepare articles for publication in the APCO Bulletin.

Continue the History of National APCO. Coordinate the material for a 40th Anniversary Publication during the year 1974.

Nominating Committee

William M. Lee, Chairman
Dept. of State Police
P. O. Box 27472
Richmond, Virginia 23261
Telephone 703-272-1431

Jorman I. Koski
Fort Worth, Texas 76102
Bernard Flood
Phoenix, Arizona 85005
William Gamble
Pittsburgh, Pennsylvania 15220
Captain Frank D. Campbell
Indianapolis, Indiana 46204

Objectives: Seek qualified applicants for National office through Chapter facilities.

Study qualifications of those persons recommended for National office.

Submit recommended slate of candidates at the 39th Annual Conference in Kansas City.

Operating Procedures Committee

Jerald Heater, Chairman
9840 S.W. Inez St.
Tigard, Oregon 97223
Telephone 503-638-6861
Erich W. Wachsmuth
St. Petersburg, Florida 33703
James J. Beard
Cambridge, Ohio 43725
Captain Larry R. Broadbent
Boise, Idaho 83702
John Stasny
Madison, Wisconsin 53702
Joseph Biagi
Oak Park, Illinois 60301
Captain Harold V. Guerin
Sacramento, California 95804
Lt. Charles Main

Oak Park, Michigan 48237
Gary Josephson
Phoenix, Arizona 85015

Objectives: Finalize a Program for National Operating Procedures Seminars.

Program should include subjects to be covered, brief outline of each subject, method of presentation, and training aids required.

Make use of the material utilized by the Northwest Chapter in conducting its Annual Dispatcher Training School in the State or Oregon.

Inquire and collect from all chapters any written material utilized in Operator Training Seminars.

Work with special Ad Hoc Committee in preparing a series of short courses to be utilized by all Public Safety Services.

Public Safety Planning Committee

Bernard Flood, Chairman
P. O. Box 6638
Phoenix, Arizona 85005
Telephone 602-626-8247
W. B. Sloop
Raleigh, North Carolina 27611
Arnold Carver
Sacramento, California 95818
Max Elliott
Orange, California 92668
Allen Wong
Napa, California 94558
James Angliss
Martinez, California 94553
Arthur Demlong
Phoenix, Arizona 85005
Robert J. Hajek
Riverside, Illinois 60546
Bernard Campbell
San Bernardino, California 92401
Robert Brooking, Advisory Consultant
Burbank, California 91504

Objectives: Study all FCC Dockets that effect Public Safety Services and formulate recommended replies.

Assist our legal council in preparing reply comments and petitions for filing with the FCC.

Keep the Board of Officers alert to events that may affect Public Safety Services.

Recommend courses of action that APCO should be following in the regulatory area.

Perform special studies and work with Ad Hoc Committees as required, including the feasibility of obtaining a nationwide single frequency for Police helicopter mutual aid use.

Radio Telegraph Committee

Stanley E. Harter, Chairman
Communications Officer
Department of Defense
State of Hawaii
Fort Ruger
Honolulu, Hawaii 96816
Telephone 808-734-2161
Dwight F. Small
Maynard, Massachusetts 01754
Harvey N. Hallom
Olympia, Washington 98501
Boyd F. Porter
Des Moines, Iowa 50313
Russell R. Bateman
Salt Lake City, Utah 84108
Norvel H. Rollins

Madison, Wisconsin 53702
Henry C. Hall
Frankfort, Kentucky 40601
Paul A. Mitchell
Detroit, Michigan 48231
Henry Weeden
Trenton, New Jersey 08625

Objectives: Work closely with the Public Safety Planning Committee in matters pertaining to frequency assignments.

In cooperation with the Emergency Preparedness and Disaster Operations Committee, determine if better utilization of presently assigned radio telegraph frequencies is possible.

Resolutions & By-Laws Committee

F. Carl Johannsen, Chairman
111 Southern Boulevard
East Patchogue, New York 11772
Telephone 516-475-1764
Charles L. Taylor
Portland, Oregon 97204
William Gamble
Pittsburgh, Pennsylvania 15220
Paul A. Mitchell
Detroit, Michigan 48231
Donald A. Griffin
Pomona, California 91769
Erich W. Wachsmuth
St. Petersburg, Florida 33703
William Dow, Jr.
DeKalb, Illinois 60115
David Bender
Fairborn, Ohio 45324
Charles English
Swannanoa, North Carolina 28778

Objectives: Continually review Constitution and By-Laws for required changes to make all Articles and Sections agree.

Prepare and submit appropriate resolutions pertaining to such matters as may be referred to the Committee by the Conference Quorum, Board of Officers, Committees, Chapters of this Association.

Perform all other functions required under Article V, Section 14, of the Association By-Laws.

Teletypewriter Committee

Captain D. J. Whitefoot, Chairman
P. O. Box 94637 State House
Lincoln, Nebraska 68509
Telephone 402-477-3951
W. B. Sloop
Raleigh, North Carolina 27609
Richard E. Fogel
Springfield, Illinois 62705
Captain G. W. Kellam, Jr.
Richmond, Virginia 23261

A Cushman CE-3 is what all other FM monitors try to be

And, for good reason.

More than 2000 units working in the field indicate that we've got a good thing going.

But, that's as it should be.

After all, the CE-3 was the first with plug-in modules for different functions, the first with direct "dial-in" capability, and is still the most reliable and versatile monitor in the FM field.

Those are just some of the reasons that today, three years after it was introduced, the CE-3 continues to be number one . . . more Cushman's are in use than any other monitor.

So, when you want dependable FM monitoring with total job flexibility, and can't wait for others to catch up with Cushman, get the CE-3.

For full details and/or a demonstration contact your local Cushman representative or Cushman Electronics, Inc., 830 Stewart Drive, Sunnyvale, Ca 94086. Phone: (408) 739-6760. In Canada: Tele Radio Systems.

STANCIL-HOFFMAN CORPORATION INTRODUCES

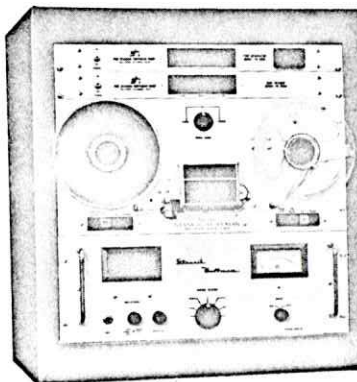

THE CRM 7-14-28

A new series of multi-channel logging recorder/reproducers

Standard Features:

In-line heads, less expensive, adjustment free...

- Up to 7 channels on 1/4 inch tape
- Up to 14 channels on 1/2 inch tape
- Up to 28 channels on 1 inch tape
- 25 hours on a 7-inch reel
- Automatic Gain Control on every channel
- Plug-in modules in shielded color coded housings for easy maintenance and channel expansion
- Variable speed forward/rewind for rapid message search
- Many failsafe features
- 1 year warranty

CRM-7 Recorder/Reproducer with Digital time and high speed automatic search.
(Size 19" x 19")

The Stancil-Hoffman Corporation has manufactured multi-channel logging recorders for over a quarter of a century. All equipment is designed and environmentally tested to meet our rigorous prime U.S. military contract specifications — 2500 installations world wide.

Options:

- Dual transports — time clock and malfunction changeover
- Digital time and high speed automatic search
- Voice operated relay
- Remote control and instant recall

There are many other features which make Stancil-Hoffman Recorders unique.

Anyone who has tried mounting police, fire, or safety equipment under the dash of a car knows how complicated it can get. Now one simple bracket, designed for this one purpose, mounts all this equipment compactly in any make auto with ease.

The Wayne Bracket is so designed that it standardizes the installation of all radio and sound equipment in any make vehicle . . . making possible an installation that requires a minimum of space . . . gives maximum efficiency.

Give us a call . . . Let us demonstrate how easily we can solve this problem for your car . . . or a fleet of cars.

38TH ANNUAL NATIONAL APCO CONFERENCE

August 14 - 18, 1972
Boston, Massachusetts

RESOLUTION NO. 17

Submitted by:
Resolutions Committee, APCO

WHEREAS, The Commercial Members of APCO have so generously contributed time and effort in the display of various products so beneficial to the APCO Membership and have presented technical papers aimed at improving the general Membership's knowledge of communication techniques, and

WHEREAS, The Commercial Members of APCO have contributed to the success of the 1972 National Associated Public-Safety Communications Officers, Inc. in Boston, Massachusetts, now therefore let it be

RESOLVED, That by a unanimous vote of the APCO membership in session here in the City of Boston, Massachusetts, that we convey our appreciation and thanks to the Commercial Members and Exhibitors, and be it further

RESOLVED, That a copy of this resolution to express our appreciation be forwarded to

Sgt. Leroy S. Hunter, Program Chairman
Boston Police Department

and

National APCO, Inc. c/o
J. Rhett McMillian, Jr., Executive Secretary for publication in the Bulletin. Ω

ESCAPE FROM NOISE POLLUTION

Does your dispatcher go home at night irritable and distraught?
Do your personnel shut off the two-way radio and then miss calls?

**THEN YOU PROBABLY NEED.....
THE ALPHA NOISE POLLUTION SOLUTION!**

CTCSS Encoders

CTCSS Encoder/Decoders

Pulse Tone Encoders

Repeater Panels

Special Tone Packages

Now tone squelch quieting becomes practical and trouble-free because of the extreme degree of reliability achieved by the all solid state thick-film hybrid IC design of Alpha tone products. No needs to fail and false, no big boxes nor big installation projects. Alpha tones are miniature in size, simple to wire in or plug on and completely versatile to adopt to any system requirement.

33 different models of tone squelch equipment
Free engineering assistance for special requirements
