

Mr. Jett gave a very thorough explanation of the New Rules and Regulations and asked that the group defer asking questions until after the meeting was over at which time he would be glad to answer any question anyone had to ask.

PRESIDENT BATTS:- Next on our program will be a Map Demonstration of Intercity Radiotelegraph Operations ^{with explanation of operating procedure,} by Sergeant E.E.H. Fisher of St. Louis, Mo., assisted by Mr. Kennedy of Indianapolis, Indiana.

The map demonstration proved to be very interesting.

PRESIDENT BATTS:- Next on our program is a talk by Mr. M.B. O'Neill of New Orleans, La., on the Handling of Fingerprint Identification by Radiotelegraph.

PRESIDENT BATTS:- The next thing on our program this evening, is the discussion of Procedure Involving Transfer of Police Radiograms to Land Wire Systems by Mr. R.S. Combs, of the Western Union Telegraph Company. After a lengthy discussion on the subject by members of the assembly, Mr. Fisher made a motion that all action which might have a tendency towards a decision regarding this particular case be deferred to some future time. Motion seconded by Mr. Scroggin. Motion carried.

MR. SMITH:- I move that the President be requested to write a letter to each of the heads of the departments who sent delegates to this convention telling them that the organization appreciated their co-operation, etc. Motion seconded by Fisher. Motion carried.

PRESIDENT BATTS:- The Chair will now entertain a motion pertaining to Mr. Jett's suggestions that a committee be designated, possibly the Procedure Committee, to formulate a group of "Z" signals and submit them to the Federal Communications Commission for approval. Motion made by Mr. Fisher and seconded by Mr. Smith that such a committee be appointed. Motion carried.

PRESIDENT BATTS:- The Chair will also entertain another motion con-
