cerning the Army making available the 5 letter code suggested by Mr. Jett but on suggestion of Mr. Jett, the matter was deferred until some later date.

A general discussion was then had on the talk given by Mr. E.K. Jett on the New Emergency Service Rules and Regulations.

Meeting adjourned.

TUESDAY MORNING SESSION
OCTOBER 6, 1936

Meeting called to order by President Batts at 10:37 A.M.

PRESIDENT BATTS:- We will begin this morning's session, gentlemen, by reading the minutes of yesterday's meeting, whereupon President Batts read the minutes of the meeting.

PRESIDENT BATTS:- Next on the program will be a talk by Mr. Weise, Representative of the Graybar Electric Company.

MR. WEISE:- Mr. President and members of APCO. I am glad to be back at this Third Convention. The only thing that I might say gentlemen is, that I will be glad to tell you anything I can about the apparatus that we have to offer.

PRESIDENT BATTS:- We will now hear from Mr. Jett, who will give us a brief outline of the June Engineering hearing before the Federal Communications Commission.

Mr. Jett informed the assembly that the police had made an excellent impression upon the commission by the manner in which they presented their requests in their first official appearance before that body and also told us that they were working on the tentative allocation of frequencies and hoped that by mid-winter they would be ready to publish something on it.

PRESIDENT BATTS:- Due to the illness of Captain Donald Leonard,
