Michigan State Police Chairman Radio Commission IACP, the assembly will be unable to hear his summary of the opening remarks as given by him at the hearing. However, the President informed the organization that although he did not hear Captain Leonard give his address, he had heard from good authority that he had done an excellent job in presenting it to the Commission.

PRESIDENT BATTS:- We will now hear from Lt. George M. Kinsey, Ohio State Highway Patrol, who will give us a summary of the State Police Presentation.

Interesting excerpts from the summary of the State Police Presentation were given by Lt. George M. Kinsey.

PRESIDENT BATTS:- Next on our program is Captain L.L. Chatterton, Cleveland, Ohio, who will give a summary of Municipal Police Presentation.

Captain Chatterton gave a short summary of the plea of the Municipal Police for adequate frequencies which he presented before the Commission at the June hearing.

President Batts gave a short summary of his presentation of Intercity Radiotelegraph and told the assembly that this portion of the organization's aims had already been approved by the commission and definite <sup>channels allocated just prior to the hearing</sup> ~~wave band schedules~~ went into effect on September 15th. <sup>He recalled that the new regulations</sup>

PRESIDENT BATTS:- Next on the program will be a summary of the Ultra-High Frequency Presentation by Lt. E.C. Denstaedt, Detroit Chairman APCO Frequency Allocations Committee.

Lt. Denstaedt gave a very interesting summary of his presentation of Ultra-High Frequency before the Commission. Lt. Denstaedt told of the various preliminaries which had to be done before anything could be prepared for the hearing and stressed the fact that more cooperation was needed from the members in answering correspondence of various natures and expressed his thanks to the
