Gentleman:

We appreciate receiving CC each month and of course the editor of the APCO Bulletin does also. In order that each copy reaches him directly and as early as possible, please address it :

Neal Jackson, APCO Bulletin
10610 Lakepointe
Detroit 24, Michigan.

Your Mr. Harry N. Reizes and I had an interesting talk during the Chicago Parts show dealing with articles and material. We sincerely regret that we can't find time to prepare anything because our growing association is taking up an increasing amount of our available time.

Without going on record, pro or con, your editorial dealing with uniformity of local regulations covering mobile amateur operation, is very interesting. Any improvement would involve a major project, especially considering that FCC's Order 133 allows unlicensed persons to operate p-m stations.

Very truly yours,

Ero Erickson
Secretary
