The construction of our new APCCO headquarters, the J. Rhett McMillan Jr. building, is running smoothly and on schedule. It will be completed before we know it. In the meantime, I would like to thank each and every APCCO member for helping make this building project a great success. Your loyalty and support have contributed to the funding of this building, which will help us grow, prosper and increase our visibility in the public safety community.

You can increase your visibility within APCCO by further contributing to our building project. We are promoting several sponsorship drives in which all of our members are encouraged to participate. Among them is a brick drive to help fund the paving of our headquarters' main entranceway. Members can become individual sponsors by purchasing one or more paving bricks to honor someone special.

Participating in our brick drive is an excellent opportunity for you to show your support for APCCO, a world leader in public safety communications. Become a visible member of the APCCO legacy by contributing to this worthy cause.

Sincerely,

Joe Hanna
APCCO President
