

Welcome from

A.V. (Lex) Rutter

Candidate for Second Vice-President

APCO International

August, 1999

Through August of 1999, this set of pages will be primarily devoted to letting APCO members know about my positions on various issues as I run for the position of Second Vice-president of APCO International. You may also access the electronic copy of the Oklahoma chapter newsletter. This set of web pages is offering the APCO membership an unprecedented ability to know and question a candidate for the Board of Officers. As the year goes along, I will post the articles I submit to the APCO Bulletin, questions raised by members, comments I may have, and some information about myself.

Anyone with a question or comment about my candidacy may use the "e-mail" button to leave a message. With the writers' permission, I'll try to let all readers see the questions and my responses. (Of course, off subject comments or comments found inappropriate will not be displayed).

In an effort to continue the improved access to the Board that APCO members need and deserve, if elected I promise to continue using the web and e-mail in this manner. You will always have quick access to me via the web and e-mail, be able to leave comments or ask questions and expect an honest response. This medium will also let me post messages and comments too timely or complicated for the APCO Bulletin.

Please take a moment and check out why you should elect Lex Rutter to the APCO Board of Officers in 1999.

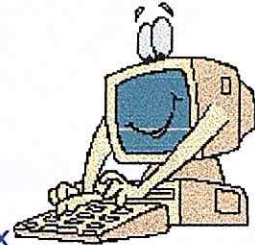

To help sort things out, buttons will identify the type of page you are going to see. Each page will also let you send e-mail to me. I will try to post the questions and my responses regularly.

Thanks for visiting, and remember to Vote For Rutter in August, 1999!
